

In the Claims:

Please cancel claims 1-10 without prejudice or disclaimer of the subject matter contained therein.

⁸
Claims 1-10 (Canceled).

Please add the following new claims:

⁹
~~11~~ (New) A SIM card for operation with a terminal device of a mobile

2 telecommunication network, comprising:

the terminal device configured to only establish connections to fixed destination

4 or source addresses, or both;

¹⁰
the destination and source addresses permissible in connection with the SIM card

¹¹
6 are stored in a memory of the SIM card or in a database of the mobile communication network.

¹²
~~12~~ (New) The SIM card according to claim ⁹~~11~~, wherein said SIM card is

2 designed as a Telematic SIM card.

¹³
~~13~~ (New) The SIM card according to claim ⁹~~11~~, wherein the destination and

2 source addresses are phone numbers, URLs (Uniform Resource Locator) or APN's (Access Point Name).

¹⁰
~~14~~. (New) The SIM card according to claim ¹⁰~~12~~, wherein the destination and

2 source addresses are phone numbers, URLs (Uniform Resource Locator) or APN's
(Access Point Name).

¹³
⁹
~~15~~. (New) The SIM card according to claim ⁹~~11~~, wherein the SIM card only

2 supports defined telecommunication services.

¹⁴
¹⁰
~~16~~. (New) The SIM card according to claim ¹⁰~~12~~, wherein the SIM card only

2 supports defined telecommunication services.

¹⁵
¹¹
~~17~~. (New) The SIM card according to claim ¹¹~~13~~, wherein the SIM card only

2 supports defined telecommunication services.

¹⁶
¹²
~~18~~. (New) The SIM card according to claim ¹²~~14~~, wherein the SIM card only

2 supports defined telecommunication services.

17.

9

19. (New) The SIM card according to claim 11, wherein the mobile phone

- 2 subscriber relationship associated with the SIM card can only be operated within a defined virtual private network (VPN).

18.

10

20. (New) The SIM card according to claim 12, wherein the mobile phone

- 2 subscriber relationship associated with the SIM card can only be operated within a defined virtual private network (VPN).

19.

11

21. (New) The SIM card according to claim 13, wherein the mobile phone

- 2 subscriber relationship associated with the SIM card can only be operated within a defined virtual private network (VPN).

20.

12

22. (New) The SIM card according to claim 14, wherein the mobile phone

- 2 subscriber relationship associated with the SIM card can only be operated within a defined virtual private network (VPN).

21.

13

23. (New) The SIM card according to claim 15, wherein the mobile phone

- 2 subscriber relationship associated with the SIM card can only be operated within a defined virtual private network (VPN).

23.

9

24. (New) The SIM card according to claim 11, wherein the SIM card

- 2 encompasses more than one different subscriber relationship, wherein the use of the SIM
card is assigned according to the originator principle to the respective subscriber
4 relationship.

23.

10

25. (New) The SIM card according to claim 12, wherein the SIM card

- 2 encompasses more than one different subscriber relationship, wherein the use of the SIM
card is assigned according to the originator principle to the respective subscriber
4 relationship.

24.

11

26. (New) The SIM card according to claim 13, wherein the SIM card

- 2 encompasses more than one different subscriber relationship, wherein the use of the SIM
card is assigned according to the originator principle to the respective subscriber
4 relationship.

25.

12

27. (New) The SIM card according to claim 14, wherein the SIM card

- 2 encompasses more than one different subscriber relationship, wherein the use of the SIM
card is assigned according to the originator principle to the respective subscriber
4 relationship.

28.

13

- 2 (New) The SIM card according to claim T5, wherein the SIM card
encompasses more than one different subscriber relationship, wherein the use of the SIM
card is assigned according to the originator principle to the respective subscriber
4 relationship.

29.

14

- 2 (New) The SIM card according to claim T6, wherein the SIM card
encompasses more than one different subscriber relationship, wherein the use of the SIM
card is assigned according to the originator principle to the respective subscriber
4 relationship.

30.

9

- 2 (New) The SIM card according to claim T1, wherein the SIM card
supports other services that are typically not understood to be Telematic services.

31.

10

- 2 (New) The SIM card according to claim T2, wherein the SIM card
supports other services that are typically not understood to be Telematic services.

32.

11

- 2 (New) The SIM card according to claim T3, wherein the SIM card
supports other services that are typically not understood to be Telematic services.

33.

12

- 2 (New) The SIM card according to claim T4, wherein the SIM card
supports other services that are typically not understood to be Telematic services.

33.

34. (New) The SIM card according to claims 15, wherein the SIM card

13

2 supports other services that are typically not understood to be Telematic services.

33.

35. (New) A process of limited use of a mobile telecommunications network

2 by a terminal device, the process comprising:

using a SIM card in the terminal device;

4 said card only allowing connections by means of said card only to fixed

destination or source addresses, or both; wherein

6 the destination and source addresses permissible in connection with the SIM card

are stored in a memory of the SIM card or in a database of the mobile communication

8 network.
